Bye laws for the Regulation and control of Surveyors in the city

From

The Municipal Commissioner Mysore city
No C2 P R 103/50 51 Dt 15 10 50

Forwards the above Bye laws for Sanction

It perhaps sounds more happy if the draft Bye laws are entitled Bye-laws for the licensing of Surveyors, Stanilary Contractors and plumbers under Sec 51 (1) (2)

2) under cl 4 only those qualified under Bye law no are to be given a license Since as per bye law no 3 the Commissioner is empowered to dispense with the qualification in the case of Municipal Contractors, Bye-law no 4 may perhaps have to be modified to exclude Such Cases also

3) The Law Secretary may perhaps be consulted as to whether the draft Bye laws is suitable for adoption

4) 1 The title of the draft Bye Laws may be worded as follows -

" Bye-Laws framed by the Mysore City Municipal Council under section 51(1)(b) of the Mysore City Municipalities Act, 1933, for the licensing and regulating the control of Surveyors, plumbers and sanitary contractors"

5) 2 Bye-Law 4

No provision has been made in this bye-law nor there is any separate bye-law providing for the licensing of plumbers or sanitary contractors and prescribing a licence fee

(6) In the proviso, power is proposed to be vested in the Municipal Commissioner

to refuse or revoke a licence on grounds of incompetence, misconduct or other grave reason constitutionally, every citizen has a right to practise any profession or trade and this right can be abridged only by imposing "reasonable restrictions in the interest of the general public for by prescribing technical qualifications the grounds for refusing or revoking a licence stated above seem to be inadequate, and, at any rate, the words, or other grave reason may as well be omitted since they are vague and any other more specific reasons may be substituted in their place

7) 3 Bye Laws 6

There is no Bye Laws K 7" as stated in this ~~and thereby~~ ~~of the has to be limits~~ ~~to a simple offence and~~ ~~not for each such offence~~ ~~as provided in~~ ~~ct~~

8) 4 No provision has been made in any of these bye-laws for the renewal of licences or for imposing conditions in respect of licences

9) It is suggested that these Bye-Laws may be revised to fill up the lacuna mentioned above, preferably on the lines of similar Bye-Laws (if any) framed by the ~~the~~ Bangalore City Municipal council 24/4/115

Sir,

Re, Byelaws for the regulation and control of Surveyors in the city

MAS

I have the honour to state that it was found by experience that the applications received for grant of building licenses from the parties were often being submitted with plans prepared mostly by unqualified persons such as maistries, masons, contractors, etc , with the result that it was very difficult to grant licenses on the basis of such plans Licenses so granted on the basis of the plans submitted are likely to lead to civil litigations While the parties spend some money for getting up the plans, they would not have produced the necessary plans in proper form for the construction of buildings They would be dissatisfied if licenses are not sanctioned for want of correct plan and it would involve additional work to correct the plans In order to obviate these difficulties, the question of framing byelaws in this behalf was suggested by the Municipal Engineer in the year 1948 After due examination of the byelaws by the Legal Committee and the Municipal Advocate, the Council approved of the draft byelaws submitted to them on 7-5-49 Objections were called for in this behalf as per Gazette notification dated 11-5-49 As no objections were so far received, the Council finally approved of the draft byelaws at their meeting held on 29-9-50 In enclosing a copy of the resolution, the draft byelaws in triplicate as also the gazette notification together with the council resolution finally approving the draft byelaws, I request that orders of Government may kindly be obtained according sanction to the bye-laws framed under Section 51(1) of the Mysore City Municipalities Act

Yours faithfully,
